The Pigeon Control Company

SPECIAL INSTRUCTIONS FOR THE USE OF OVOCONTROL® P IN HAWAII

If you plan to use OvoControl P in Hawaii, you must follow the additional permitting requirements outlined below. The instructions are also provided on the [EPA label for OvoControl P](#).

PERMITTING OF OVOCONTROL P IN HAWAII

Due to the abundance of threatened and endangered species, OvoControl P use in Hawaii requires some additional steps as follows,

- Prior to application, applicator must contact the Department of Land and Natural Resources and obtain a Wildlife Control Permit if one is required.
- Do not apply in areas where nene goose (*Nesochen sandvicensis*), Hawaiian coot (*Fulica alai*), Hawaiian moorhen (*Gallinula chloropus sandvicensis*) and Hawaiian duck (*Anas wyvilliana*) are known to occupy or graze.
- Users must notify the Pesticides Branch of the State of Hawaii Department of Agriculture, in writing prior to use. Two weeks advance notice must be given to allow time for consultation with Hawaii Department of Land and Natural Resources and the U.S. Fish and Wildlife Service.

At least two weeks prior to the time of intended application, please contact the Pesticides Branch at the Hawaii Department of Agriculture. The contact at HDOA is as follows,

Esther Riechert
Environmental Health Specialist – Pesticides Branch
State of Hawai`i - Department of Agriculture
1428 S. King St. | Honolulu, HI 96814
