Commercial References

- Gregg Gransie, Operations Manager at Arizona Pest Control 520.298.7821 (www.azpest.com) ggransie@azpest.com AZ Pest Control is one of the long-term users of OvoControl, starting with their first site within a few months of the product's availability in late 2007. Gregg has first-hand field experience in program deployment and observing performance over time. AZ Pest Control was just recently awarded a large contract for the University of Arizona campus in Tucson.
- Laura Dodson, President, Argyle Civic Association, Hollywood, CA 323.460.4700 (www.argylecivic.org) laura@copper.net Laura was central to the adoption of OvoControl in Hollywood, an area overrun with pigeons. She has watched the program perform since November, 2007.
- Bill Stephenson, St. Paul Animal Control, St. Paul MN 651.266.1110 bill.stephenson@ci.stpaul.mn.us With encouragement from PETA, St. Paul initially conducted a successful OvoControl pilot program in a downtown area. An expanded program to treat a larger part of St. Paul is planned for introduction in Spring, 2010. The larger program will be paid in part by the Building Owners and Managers Association.
- Russ Craber, Owner, Sun Pest Management, Walla Wall, WA 800.422.4803 (www.sunpest.com) Walla Walla is a small community located in southeastern Washington. Sun Pest Management is the service provider for the downtown shopping district. The program and has been operational for roughly two years and the City has been delighted with performance.
- Neil Shapiro, City of Santa Monica, Water Quality Program. Neal.Shapiro@SMGOV.NET 310.458.8223. (<http://www.smgov.net/Departments/PublicWorks/ContentCivEng.aspx?id=9640>) The Civil Engineering Department is using OvoControl to help improve water quality around the Santa Monica Pier by reducing excessive bird populations in the area.
